PERSONAL PROFILE

I am an Architect who has worked in the private and public sectors. I have the ability to interact and communicate with people at different levels. I have always done the job respecting deadlines even in stressful conditions. I have an excellent knowledge of technical drawings developed in 2D and 3D CAD in all project scales. I also attended courses (last CORONA course for 4D cinema) to increase my rendering skills, as well as photo sets and post-production in the reflex field. I have a strong work ethic, reliable and flexible and I accept any challenge that is offered to me.
